

Made to be gentle

Your pace

Walk, stop, sit and look around.
Nothing is timed.

Nothing to lose

No scores to beat, no streaks, no
game over.

You choose

Sound, motion, brightness and city
traffic can all be turned down.

Rest button

One button pauses everything, any
time.

Say hello

hello@dhukarr.com

Dhukarr is set on the traditional lands of Australia's
First Nations peoples. We pay our respects to Elders
past and present.

A calm walk through real Australia

Real tracks, real maps. Your pace.

1 · REAL PLACES

Walk the tracks people really walk

Each walk follows the shape of a real track, on ground built from real elevation data. Walks include:

Uluru · Kings Canyon · Karijini · Cradle Mountain · Freycinet · Wilsons Promontory · Jervis Bay · and the streets of Melbourne

2 · SOMETHING TO NOTICE

Look closely, find a little

Feathers, leaves and flowers

Stand still and find the real birds and plants of each place.

Gem fields

Visit real places where people sift for gems. Keep what you find in your cabinet, with its story and source.

Quiet secrets

Some walks hide a true story about the place, a little way off the track.

Your journal

Your finds and notes are kept for you. Nothing runs out.

3 · FOR FAMILIES AND TEACHERS

Share it with confidence

- Free, and it plays in a web browser. No account needed.
- No ads, no chat, and nobody can message the player.
- Nothing is timed, scored against anyone, or lost.
- Short walks, and you can finish at any stop.
- Every true story names where it came from.
